RESOLUTION #2019-06-11-A

A RESOLUTION IN SUPPORT OF THE ILLINOIS OIL AND GAS INDUSTRY
BY THE FAYETTE COUNTY BOARD.

WHEREAS, Fayette County, Illinois, (herein the "County"), by and through its elected County Board, has determined that it is in the County's and its constituents' best interest that the County take an expressed position in support of the Oil and Gas Industry (herein the "Industry") in Fayette County; and,

WHEREAS, The Industry provides revenue to the County through sales and real estate taxes, employment for many of its citizens, and patronage of businesses; and,

WHEREAS, the County supports and encourages the development and growth of the Industry.

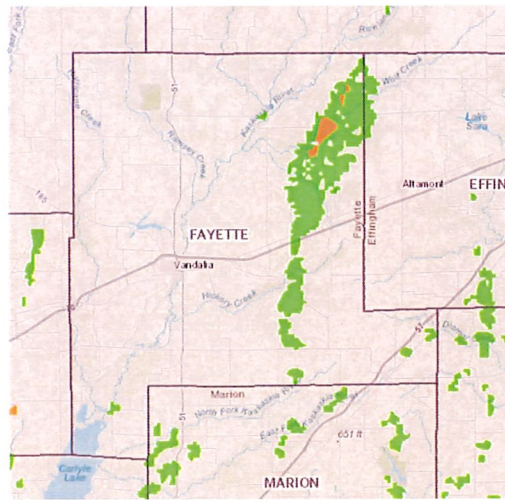

NOW, THEREFORE, for and in consideration of the foregoing recitals, the County hereby resolves that it supports the continuation and growth of the Industry in its development of oil and gas resources in Fayette County.

PASSED this 11th day of June, 2019, by the affirmative vote of the majority of the Fayette County Board members present at a regular meeting of said Board.

Jeff Beckman, County Board Chairman

The Illinois Oil Industry's Economic Impact

Illinois oil production has generated steady employment, income and revenue for the Land of Lincoln through good economic times and bad for more than 110 years. These contributions are all the more critical considering Illinois' current dire financial situation. **Here are the facts:**

Illinois' oil production industry has created more than 14,000 jobs in the Land of Lincoln, including **more than 4,000 direct jobs**. Most of the direct jobs are concentrated in the southern portion of the state where oil production is a major contributor to local employment.

Illinois oil production generates \$330M annually in direct revenue for the state via business taxes, production taxes and income taxes. It **generates more than \$700 million in overall annual tax revenue** when federal taxes are taken into account.

Illinois' oil production industry generates \$770M in personal and business income annually. **More than 30,000 leaseholders** and residents also receive royalty income from Illinois oil production, while **more than 1,000 Illinois operators** and support businesses — mostly small, locally owned businesses and independent contractors — receive income from production.

Illinois oil production has an overall direct economic impact in the state of more than \$3 billion per year. **Income impacts are substantial and include a direct impact of \$769M.**

Ad valorem taxes on Illinois oil production generated \$57.4M in revenue for public schools and municipalities from 2007 to 2013 (*the latest year that data is available.*) **More than half of that revenue went to fund K-12 education** in producing counties.
