2007-2019	\$	2,511,787.00	\$	\$1,255,893.50

Jasper County has long been a significant oil producing county in Illinois. More than 212,000 barrels of oil were produced in the county in 2019, 12th-most in the state. Jasper County's oil production industry generated more than **\$2.5 million** in property tax revenue from 2007-2019. IPRB conservatively estimates that at least **\$1.25 million** of that property tax revenue went to fund the county's primary school district, Jasper County Community School District #1, and its approximately 1,385 students.
