Marion County has been one of Illinois' top oil producing counties since the late 1930s and has consistently been Illinois' second largest producing county with an average of [nearly one million barrels](#) per year over the past decade. This production generated more than \$16.2 million in property tax revenue for the county from 2007 to 2023, an average of more than \$950,000 per year. Between 62-64% of this revenue has went to fund public schools near production each year from 2007-2023. IPRB estimates that at least \$9.77 million of \$16.2 million went to fund the 15 public school districts based in Marion County from 2007-2023, an average of more than \$570,000 per year.
